HAS 62 STUDENTS

LARGEST ATTENDANCE AT PENDLETON ACADEMY.

Most Prosperous and Promising Year in the History of the Institution—Greatest Number of Pupils Ever Recorded—A Fiscal Agent Will Probably Be Employed—General Assembly of the Presbyterian Church Has Been Requested to Grant All the Aid Possible Hereafter.

There is now attending Pendleton academy the largest number of students ever recorded there at any one time in its history—62, which is an increase of 12 over the first day's attendance of this term, and definite arrangements have been made for the entering of six more students within a short time. During the school year, from the opening to the close, it is known that quite certainly there will be no fewer than 100 students enrolled—for long and short periods of attendance.

The present attendance is limited to Umatilla and Union counties in Oregon, and one student from Washington.

One of the most promising indexes for the future, and one of the most encouraging features of this year's work, has been a demand for graduates of the academy from several other counties (even from counties not represented on the enrollment of the institution), to teach in the public schools. It is known that next year will find students in the institution from several other counties in the eastern part of the state—in fact, from every county from the eastern left of the state. The academy has an established reputation, won against the most adverse conditions, and this year it is harvesting only a few results of this reputation. Next year it will harvest the results of the reputation already secured and the increased prestige the institution will earn during the year to come.

The enrollment is divided as follows: 24 in the academic department;

22 in the preparatory, and 16 in the grades.

### General Aid Enlisted.

Mr. Bleakney and Rev. Van Nuy found an unexpected number of friends of the institution in the State synod. They hardly expected to find enemies in it; and on the contrary they found active promoters of it among those who live within the natural field of activities of the Portland Presbyterian academy—an established institution with heavy and profitable endowments and no indebtedness to hamper it. The two presidents of Portland Academy, Messrs. S. R. Johnson, D. D., and J. R. Wilson, D. D., are outspoken in their advocacy of the interests of Pendleton academy.

Mr. Bleakney went to Portland to especially promote his plans to secure a financial agent for the academy, and he made good progress in that direction. The financial agent will have the selling of scholarships, the recording of donations, and will be a general financial adviser and promoter.

The State synod overtured, (ordered or directed), the general assembly of next year to order the board of college extension to do all in its power to encourage this and similar institutions as they are the most efficient backing for the church's system of colleges and universities. There was no division of opinion in regard to this—the State synod was a unit in recognizing the merits of the academy from a purely educational standpoint, and its great value by association and reaction to all the church's various activities.

Supplementary to this, Rev. Van Nuy, who has thoroughly studied the situation from a purely Eastern Oregon standpoint, reports the greatest interest in the academy among the churches of Eastern Oregon in its history.

Financially the academy is in the best condition it has been in its history, a fact largely due to the liberality of Pendleton business men.

### FIRST FOOTBALL GAME.

"Once Was Its" and Pendleton High School Play This Evening.

The "Once Was Its" and the Pendleton high school eleven played football at 3:30 o'clock this afternoon on the lower Alta street grounds. Both teams are confident of victory and a good game is promised. The contest will be the first of the season to be played in this city. The game is in progress at the time of going to press.

It is the intention of the high school to bring the Hill Military Academy team to this city for a game shortly, and the proceeds of today's contest will be used to help defray expenses of the visit of the Portlanders. An admission of 25 cents will be charged.

### Move to Alberta in Spring.

When W. T. Rigby left Alberta James Nelson was busy plowing and building and in other ways getting ready for winter and for spring work. He will return to Umatilla county for the winter, but in the spring his family will accompany him to Alberta and they will take up their permanent residence there.

### Nolte's Feast of Clams.

The friends of Antone Nolte were last evening treated to a feast of delicious Little Necked clams, steamed in butter and served hot. Mr. Nolte received two large boxes yesterday and gave his friends a banquet last night at his popular resort on Main street.

### 100 Acres Alfalfa.

J. E. Smith is putting in 40 acres of alfalfa this fall on his place seven miles west of town. This makes a total of 100 acres of alfalfa owned by the company in this county, most of it being in the southern part of the county.

### W. C. T. U. Meeting.

A meeting of the local society of the W. C. T. U. will be held at the home of Mrs. J. H. Gwinn, at 2:30 tomorrow afternoon. All members are urgently requested to be present.

There are twenty different cinnamon barks, and they cost from 4 to 55c lb. This explains the market, all but one particular. Schilling's Best is the best with the coarser pieces picked-out; not thrown-away; oh no; they go to some less particular grinder.

Moneyback everything.

## COUNCIL MEETING

LICENSE REDUCED ON EDUCATIONAL EXHIBIT.

Goodman-Thompson Company Get Contract for Laying 400 Feet of 8-Inch Sewer Main at \$1 Per Foot—Grade Will Be Made on Lincoln Street—Liquor Licenses Granted—Report of City Treasurer Filed.

There were present at council meeting last night Councilmen Johnson, Murphy, Renn, Wells, Sewell, Dickson, Ferguson and Swearingen, and Recorder Fitzgerald, Marshal Carney and Street Commissioner Brown.

The applications for the renewal of the saloon licenses of Ed Beathorn and Swearingen Bros. were favorably considered and ordered made, both applications being accompanied by sufficient bonds.

Inquiry being made as to bids filed for laying the new 8-inch sewer pipe on Lewis street, it transpired that but one bid had been filed, that of Goodman-Thompson Company, which was for \$1 per foot for the entire 400 feet. Discussion developed that all the councilmen were satisfied that that figure was as small as it could be expected that the work could be done for and done right, and a motion to accept the bid unanimously passed.

The street committee reported favorably on the plan to establish a sidewalk grade and to also grade Lincoln street between Jackson and Wilson, on the north side, and the report was unanimously accepted.

After considerable discussion it was decided to cut the stipulated license of \$25 per day for traveling exhibits down to \$1.50 per day in the case of the man who proposed to put on exhibition a collection of marine and botanical curiosities, the council being satisfied that the exhibit is really educational in its nature.

### Report of Treasurer.

The treasurer's report for the month was read. It makes the following showing in relation to the city's finances:

#### Cash Account.

Balance August 31, 1904.....	\$5708.28
Received: Licenses .....	504.04
Copeland note .....	100.00
Neil note .....	1000.00
Interest on levee sinking fund .....	58.33
Levee sinking fund, Carter note .....	52.50
General fund, street liens.....	40.15
Cemetery .....	40.00
Fines .....	1887.50
	3682.55
	9390.83

General fund, warrants paid. 2167.35

7223.48

#### Bills Receivable.

Balance August 31, 1904.....\$22,177.50

#### Contra.

Copeland note .....	\$ 100.00
Neil note paid .....	1000.00
	1100.00
	\$21,077.50

#### Distribution of Cash.

General fund .....	\$5967.04
Called warrant fund .....	14.37
Levee sinking fund .....	1236.07
General sinking fund .....	6.00
	\$7223.48

### ADVANCING PRICES.

Scarcity Having Its Effects on Vegetables, Fruits and Eggs.

The variations in the prices in the provision market contains some details of interest.

Dry onions, because the crop this year, although it was abundant, sold out early, are relatively scarce, and the price has advanced from 2 cents per pound to 3 cents. Turnips and tomatoes, both growing scarce, have advanced in price, the former from 2½ cents per bunch to 5 cents, and the latter from 50 cents to 60 cents per box.

The early lemon crop was comparatively abundant, the late lemon crop is not profuse, and the price of lemons has advanced from 30 cents per dozen to 40 cents.

Fresh eggs are becoming scarce and the price has advanced to 30 cents.

### Returned Ill.

Link McElhenny, who went to Condon some time ago with the expectation of doing horse wrangling for the winter on ranches in that country, returned yesterday, with symptoms of typhoid fever with complications indicating appendicitis. On this account he was compelled to abandon a program he had laid out for the winter. He will either stop for a time with his sister, Mrs. W. H. Hamilton, or leave this evening for his home near Opal, Wyo. Mr. McElhenny spent the summer in the harvest field in the Helix country, making his headquarters with Thomas Smales, near Milton.

### Hay Is Cheaper.

There are no middlemen's profits in Pendleton now on loose alfalfa hay, or loose wheat hay, and the price of both is identical, \$10 per ton, that being the price which the growers receive and which the consumers pay. Most of the hay is sold direct from the growers to the consumers, and when it is not, the dealer acts simply as an agent. Baled timothy is somewhat cheaper than a short time ago, and now costs \$20 per ton instead of \$22 per ton.

### Stamp Photos at Danner's.

Never mind what you hear, but stamp photos are the same old price, 25 cents, 118 East Webb street.

New Knox hats, Roosevelt's.

## EDUCATION AND FRATERNITY TEACHERS' HAPPY THEMES.

(Continued from page 1.)

that will make home a place of refinement and health, and the shop and the field places of intelligent and remunerative industry.

Education makes all industry of cultivated life honorable and encourages every young man and woman to seek to occupy the largest place of usefulness to which he is by nature adapted, to avoid none as if it were mental and to make the home life center to which art, science and wealth make their choicest contributions.

For there is no preparation for living worthy the name until wealth brings its treasures from the shop and the bank to the home in forms of use for the comfort of the family, until art learns to make the dwelling place a place of beauty and science devotes herself to a healthful, hygienic home.

The native thrift of our people and the struggle for existence compel the student to seek knowledge that will be of use in making a living. Nothing could be more calamitous to our educational system, however, if yielding too far to the demands of a popular education, we close the avenues to a higher culture and give undue prominence to money-making occupations.

There is a kind of knowledge which conduces to the higher life of thought, faith, hope, love. The great lesson of the schools is that the life most worth the living is the life that has in it the power of service. Good teaching cannot rest satisfied with learning which culminates in mere knowledge.

When the people have no vision they perish. It is the ideal which lives in the soul which is the motive power that conduces to better living, not merely through the enjoyment of physical comforts, but through the possession of that which opens the door to a higher life.

No admission fee will be charged to the lecture tonight.

### REGISTRATION ENDS.

County Books Closed at 5 O'clock This Evening.

The county registration books will close at 5 o'clock this evening and will not be again opened until after the general election. One hundred and eighty-five voters have registered or transferred since the books were opened following the June election.

Owing to the fact that the 185 registrations recorded include those who have transferred from different precincts, the total number of new voters who have signed the poll books is much less. When the books were closed on May 15 the total registration amounted to 4276.

### Severe Kick by a Horse.

H. T. McClellan, of Nollis, is in town today, though barely able to walk with the aid of crutches. He was kicked a week ago by a heavy work horse, upon the left hip. The bone was not broken, nor was the flesh badly cut, but the bruise was extensive—it extended to the bone, and the extravasation of blood was from the point of the hip to the foot. The entire leg is practically helpless, and hangs limp, and the pain is considerable.

### Missionary Meeting Postponed.

The meeting of the Presbyterian Missionary Society which was to have been held at the residence of Mrs. W. A. Storie tomorrow afternoon, has been postponed until Friday, October 25, on account of the teachers' institute.

### Clerks' Union Meeting.

A special meeting of the Clerks' Union will be held tonight at the hall of the Labor Council, at 7:30 o'clock. A full attendance is requested. By order of the president.

"Isn't he fine," murmured Cream Pitcher, "rich, golden brown and aromatic. It is a pleasure to give myself to Golden Gate and crown him with glory."

"Think you're the whole show, do you?" growled Sugar Bowl. "What is coffee without sugar."

"I'm the one that adds the finishing touch."

"There, don't quarrel," said Golden Gate, "it takes you both to complete the dream."

Nothing does with GOLDEN GATE COFFEE but satisfaction. No prizes—no coupons—no crockery. 1 and 2 lb. aroma-tight tins. Never sold in bulk.

J. A. Folger & Co. Established half a Century San Francisco

# Why?

ARE MORE CASES OF SHOES, CLOTHING AND FURNISHING GOODS RECEIVED AT THE BOSTON STORE

THAN ANY OTHER STORE IN PENDLETON?

THEY SELL MORE OF THEM. ARE YOU DESIROUS

OF GETTING THE MOST FOR YOUR MONEY? THEN

LOOK BEFORE YOU LEAP INTO A POOR BARGAIN, BY

LOOKING AT THOSE OFFERED BY THIS STORE. YOU

WILL THUS SAVE MONEY AND ANNOYANCE.
